Civil Aviation Training Center  
2018-2021

### LANGUAGES

English :

Reading - Good  
Listening - Good  
Speaking - Average  
Toeic : 465

### PROFILE

I graduated from Generation's Junior Software Developer Bootcamp and I am seeking a Software Developer role.

During the bootcamp, I worked as a Junior Software Developer and gained experience in MERN Stack development. In addition, I learned about adapting to real work situations, including the behaviors and mindsets necessary for career changers.

Confident in my abilities to create and innovate, I'm excited to apply my skills to tech businesses and make an impact with my new technical abilities.

### WORK EXPERIENCE

#### Junior Software Developer Bootcamp Cohort 5

Generation Thailand

July 2023- September 2023

- Learned how to build web applications from HTML5, CSS3, JAVASCRIPT language.
- Developed Websites encompassing frontend(React.js), backend(Node.js), database(mongoDB), SQL
- Learned essential skill for switching careers, such as growth mindset, agile methodology and teamwork.
- Excelled in Behavioral skills and Mindsets for effective work management and communication with peer-coaching
- Mini Projects : [Click To See](https://portfolio-ayuatip.vercel.app/) (https://portfolio-ayuatip.vercel.app/)
- Final Team Project : MERN Stack CRUD(Create,Read,Update,Delete),  
- Exercise Tracking Project.

#### Aircraft Engineer

Directorate of Aeronautical Engineering

June 2021- July 2023

- I repair, modify, and create sheet metal for aircraft structure of Royal Thai Air Force. (Structures of e.g.C-130 , F-5 , AU-23,.)
- Learned about making digital electronic circuit boards and write command code. such as signal lights circuit.
- Learned about teamwork skill and critical thinking.
- Opportunity to lead a maintenance team.
- Socialization and tolerance in life.

### OTHER EXPERIENCE

- Programming Competition of Students ( C Programming , Robot Programming)
- Present Project Competition by program computer.
- E-book creation competition
